

Foundation for Sustainable Development of Education

Multilingual public website for educational initiatives across Kazakhstan

Project type	Corporate and information website
Platform	1C-Bitrix
Languages	Russian, Kazakh, English
Integrations	—
Delivery period	3 months
Project year	2025

1. Project overview

The website presents the foundation, its governance, educational projects, public reports, partner programme and news. It serves as a central public source for the foundation's work and results.

Main goals

- Present the foundation's mission, structure and public results.
- Maintain a catalogue of educational projects.
- Publish reports, news and expert articles.
- Provide information for partners and media.
- Maintain Russian, Kazakh and English content.

2. Website structure

1. Home
2. About
3. Governance
4. Projects
5. Project Detail
6. Reports
7. Partner Club
8. News and Articles
9. Publication Detail
10. Contacts
11. Thank You Page
12. 404 Page
13. 1C-Bitrix Administration Area

The structure is based on the delivered website and the project case description. Hidden back-office processes are included only where they are confirmed by the stated technology stack.

3. Page requirements

Home

- Foundation introduction and mission.
- Key public figures and impact metrics.
- Featured educational projects.
- Latest news, articles and video materials.

About and Governance

- Foundation background and management structure.
- Leadership or governance information approved for publication.

Projects

- Project catalogue with preview information.
- Detail pages with objectives, geography, results and media.

Reports and Publications

- Downloadable reports.
- News and article listing with categories and dates.
- Full publication pages with author information where applicable.

Partner Club and Contacts

- Partner programme information and enquiry action.
- Contact details and map.

4. Shared interface elements

Header

- Logo.
- Main navigation.
- Contact or primary action where required.
- Language switcher where configured.

Footer

- Page links.
- Social media links where provided.
- Contact details.
- Copyright information.
- Developer credit where approved by the client.

5. Functional requirements

- RU / KZ / EN language switcher.
- Project and publication content types.
- Downloadable report files.
- Embedded video content.
- Contact and partnership enquiry forms where required.

6. Integrations

No external business integration is claimed in this portfolio specification.

Integration failures must be handled without breaking the public interface or showing a false success state.

7. Forms and service pages

- Required form fields are validated before submission.
- The source page and selected item are included where available.
- The Thank You Page opens only after successful submission.
- The 404 Page is returned for non-existent URLs with the correct HTTP status.
- Personal data consent is included where required.

8. Content management

Authorised administrators should be able to manage the agreed website content without editing code.

- Manage projects, reports, news and articles.
- Update governance, partner and contact information.
- Upload files and media.
- Maintain three language versions separately.

9. Technical requirements

- CMS / platform: 1C-Bitrix.
- PHP version compatible with the deployed CMS release.
- Apache 2.0 or later.
- MySQL version compatible with the deployed CMS release.
- HTTPS enabled in production.
- Responsive layout for desktop, tablet and mobile screens.
- Current versions of Chrome, Edge, Firefox and Safari.

10. Acceptance checklist

- ☐ Projects, reports and publications can be managed through 1C-Bitrix.
- ☐ Downloadable documents open correctly.
- ☐ Embedded videos work on supported devices.
- ☐ The language switcher opens the corresponding content.
- ☐ Public forms validate and submit correctly.
- ☐ Non-existent URLs return the 404 Page and the correct HTTP status.

11. Scope basis

This portfolio-level specification was reconstructed from the delivered website and the existing case description.

- Live website: <https://furo.kz/>
- Case description: `case.md`

Credentials, budgets, internal contacts, private documents and unverified server-side behaviour are intentionally excluded.
